*Director/Office of Evangelization and Catechesis
Diocese of Corner Brook and Labrador*

Good afternoon,

Below is an announcement that I would like for you to share with your parish. Passing on the faith is something in which we all need to participate.

If people can attend in person it would be great, if not they can join us on FB with the link below or they can just search Diocese of Corner Brook and Labrador to find us. I have heard Anne several times. She is very practical and down-to-earth.

Save the date - September 16 @ 7pm All Hallows Church, Corner Brook for a 1 hour session on:

Family Matters

Not all lessons come from books. How we live, play, eat, talk to one another, celebrate, and forgive are all ways we teach our children about our deepest beliefs - who and whose we are. Join us as we consider how the 'stuff' of our lives matters. It's not about one more job for already busy parents/grandparents/catechists - it's about being more intentional in all we do.

The presenter, Dr. Anne Jamieson, is a wife, mother, author, teacher and life-long learner. She loves to share stories and practical tips for joyful sharing of the faith.
